Quality Considered, Impossible to Duplicate the Prices of Garments in Our

May Sale of New Muslin Underwear

THE success of this event in previous seasons and the values it offers are factors too well known to require much of an introduction at this time. Desiring to maintain the prestige of our May Sales of Muslin Underwear, we have waited until every detail had been accomplished before announcing our readiness to provide a range of values such as have distinguished this important event in years previous.

WHAT will impress you very forcibly is the Quality of the Garments to be placed on sale to-morrow at the prices that follow, the beauty of the trimmings employed, the remarkable fullness of the Gowns, and above all else the breadth of assortments to draw upon. These features reflect the advantage that accrued from placing our orders for much of the merchandise in this sale many months ago.

June Brides, the Sweet Girl Graduate and those seeking gifts in this connection will instinctively turn to Cohen's as the natural source of supply, knowing full well that a dollar here will obtain far more in Quality, Style and Value than is possible elsewhere.
